Green Sails with opener
Jim Winston

Opening is **Jim Winston**, a native Milwaukee singer songwriter, living in Bay View. He has appeared in holiday and benefit concerts and faithfully participated in the "Play Music on the Porch" international event each August for the past 7 years. Winston's music could be categorized as finger-style, but does not fit a particular mold. Influenced by blues, bluegrass, classical, folk, jazz, and world music, it incorporates a wide range of styles, and includes old standbys, original songs and musical inventions.
